

REMARKS

The undersigned previously believed, as indicated in the amendment filed via facsimile on January 27, 2004, that Applicants' assignee was submitting the formal drawings. However, this turned out to be a mis-communication. Accordingly, the formal drawings are submitted herewith, except for sheet number 2, which is not revised.

Applicants respectfully submit that they have answered each issue raised by the Examiner and that the application is accordingly in condition for allowance. Allowance is therefore respectfully requested.

Respectfully submitted,

By *A E Barschall*
